A MESSAGE FROM THE EDITOR

Although the back covers of the magazine are taken up to and including August, no-one has booked the front cover for April. I'm sure that someone wants to take this spot for their event. I await the stampede!

A great deal is happening in and around Comberton this month and next so there's a lot to be involved in and enjoy. The Cambridge Building Society is holding its annual village magazine competition this month and I am busy compiling our entry. I am also working on a new departure for the Contact, of which more next month. Snowdrops are showing so let's hope that spring is not far behind.

What were you reading in 1960?

**Please come into
Comberton Library and
tell us!**

**The Library is 50 this year and we will be
putting together a series of events and
displays to celebrate the occasion.**

**We would also like to put together a 1960
'Reminiscences Box'. Do you have any
1960 items that we could include? If you
don't want to part with them we would
photocopy or photograph them.**

MONDAY STUDIO

On the weekend of 10th and 11th July Monday Studio, a village art group, will be organising an Art and Craft exhibition in the Village Hall. We would like to invite other village people, or members of village-based groups, to join in with us to show off our combined skills in the arts and crafts world. This can be work in any medium and either amateur or professional. It is not necessary for the work to be for sale, but it would be expected that a percentage of any sale profits will go to the Village Hall funds. Please don't be shy, we know that there is a wealth of talent in the village; come and show us what you do working away in the spare room, at the dining table or closeted in the garage.

Let us show that Comberton has talent.

If you would like to register an interest contact Sue Painter, Secretary for Monday Studio, on 01223 263315.

St Mary's
CAMBRIDGE

Rooted in tradition but forward-thinking, St Mary's was built on the vision of a 17th-century woman who had the audacity to believe that girls could do anything. We couldn't agree more.

For more than 100 years, St Mary's has been helping girls build the confidence they need to thrive. We focus on the whole girl – giving her the solid foundation she needs to successfully navigate today's rapidly changing global landscape.

From academic and extra-curricular activities, to leadership building and charity work, St Mary's celebrates the individual, challenges the mind and ignites the spirit.

PARISH COUNCIL REPORT FROM THE CLERK

The Parish Council met on Wednesday 9 February 2010

PARISH COUNCIL – COUNCILLOR VACANCY

Comberton Parish Council warmly invites any parishioner who would like to serve on the Parish Council to contact the Clerk to apply.

You should consider becoming a Parish Councillor if:

- You Want To Do More for Your Community
- You Want To Spend Your Time Productively
- You Can Think, Listen and Act Locally

Effort required:

TIME - As with most things, the more you put in, the more you (and your community) will get out. The Council employs a Clerk to support the Council in its work both at meetings and also between meetings.

Comberton Parish Council meet each month on the second Wednesday of the month at 7.30pm in the Village Hall.

All members are encouraged to take on an area of responsibility to help share the workload and to ensure that the Council maximises its efficiency. The Council has one committee (Planning) and several working groups which offer members a chance to use their skills and knowledge for maximum benefit or to review a matter in more depth before a decision is reached. Sometimes these Committees or Working Groups will meet in between the meetings of the full Parish Council.

COST - Being a Councillor should cost you little. There is usually cover for subsistence and travel allowances if your duties take you out of your local Council's area. These allowances will be within a maximum laid down by the Government.

If you are interested in joining the Parish Council please write to or email the Clerk. The Parish Council hope to fill the vacancy at the earliest opportunity.

NEWS FROM THE MERIDIAN PRIMARY SCHOOL

Opportunity - Creativity - Challenge
Excellence for All

This year we have decided to use Shakespeare throughout the school to enthuse children about drama, story-telling and writing. It is amazing how even the very youngest children can understand and retell in simple words the story of a Shakespeare play. For example, this week in a class assembly (a presentation for parents) some of our Year 1 children did a fantastic freeze-frame retelling of The Tempest (the little cloaks, headdresses and polystyrene swords only adding to the final effect). Meanwhile, older children have been studying Macbeth and, as part of their work, we took the whole of Key Stage 2 (140 children approx.) to see a production at the Corn Exchange by Shakespeare4Kidz. It was a wonderful performance, using a mixture of the original language and modern English, together with songs and dances, to create an unforgettable couple of hours. The children were mesmerised! I would also like to commend their behaviour, which was impeccable throughout the whole visit.

Parents are not immune from learning experiences at Meridian either! We have just organised a free 6-session course for parents called Keeping Up With the Children in Literacy. This is provided by Cambridge Regional College and takes place on the school premises. It helps parents to help their children by giving them some insights into how Literacy is taught at school these days. We've had a great take-up and hope to offer Maths later in the year.

Last month I promised I would let you know how you could take part in Earth

Hour this year. This is an international event organised by WWF and the aim is to make world leaders aware of the strength of feeling there is about climate change. The idea is that for one hour lights are tuned off and iconic buildings and whole communities are plunged into darkness. In Britain it takes place on Saturday 27 March (the day the clocks go forward) from 8.30pm. At school the Eco-action Team is planning its own event for the Friday afternoon (details yet to be revealed!) If you would like to join in do log on to www.wwf.org.uk/earthhour. Perhaps we could plunge Comberton into darkness for an hour...

The talk this month was by Camsight in Cambridge, trying to convince us to visit an optician for a check on our eyes, whether we need it or not. It has been proved that eye disease could be 50% preventable if checked soon enough.

Camsight also have about 800 items for sale on their premises to help with poor sight. They are also very helpful in their advice and in simply listening to customers.

In February we held our Annual General Meeting which is a business meeting to look back at the past year and adopt accounts and elect a new committee. This was followed by cheese and wine. New members are always very welcome.

Date for Diary: Tuesday 9th March at 7.45p.m. in the Village Hall - Eva Clarke will speak about the Holocaust.

WILDLIFE MONITORING BY THE COUNTRYSIDE RESTORATION TRUST

Barton Village Hall, Monday 29th March. 6.30-9.30pm

Since first acquiring a small field in Barton, back in 1994, the CRT has kept records of wildlife comings and goings as the area of Lark Rise Farm has expanded. Gradually, a living countryside has been restored and the farming has been made ever more wildlife-friendly. A substantial piece of land was acquired in 1998, making formal bird and butterfly monitoring on a large scale more realistic. A second large development came in 2001 with the purchase of Westfield Farm in Comberton. Local residents are invited to join the CRT wildlife monitoring team, and other volunteers from the Lark Rise Rustics, for a presentation on what we have learnt over the past 10 years or so of detailed monitoring. The symbol of the CRT is the Skylark, and these have increased tremendously as a result of the way the CRT farms – find out how other species from bats to butterflies have fared, plus how you can visit the CRT farm and maybe even get involved.

Programme

- 6.30 Presentation on Wildlife Monitoring at Lark Rise Farm
- 7.30 Bring and share meal (soup and cake will be provided)
- 8.30 Planning meeting for wildlife monitoring 2010

People may join us at any time during the evening as convenient but numbers limited.

To get your free ticket in advance, or for more details, please contact Vince Lea, monitoring officer, CRT, Haslingfield Road, Barton, CB23 7AG, 01223 263962, vincelea@btinternet.com Any spare spaces will be available on the day.

LAWN CARE IN EARLY SPRING

Mowing

If conditions allow get out the mower and lightly cut the lawn. Make sure mower has been serviced and blade replaced or sharpened.

Fertiliser & Weed Control

This is the time to feed and weed (preferably in that order).

The fertiliser is predominately Nitrogen in a slow release form, but it may also need Phosphate and Potassium as well as vital trace elements. Once the weeds and grass are actively growing a selective herbicide to kill broad leaved weeds such as dandelions,

Moss

Moss may still be a problem so either apply lawn sand or apply a specific moss control product (liquid iron). It is best to do it now before the spring starts.

Actions required in Early Spring

- Mow lawn lightly when dry enough.
- Treat Moss
- Apply Spring Feed
- Spray weeds in lawn with Selective Herbicide

Some of the above tasks can be carried out by the lawn owner, other tasks may need some professional intervention.

“...for that Lawn you’ve longed for”

Lawn Fact: “A dense lawn is 4 times more effective than a hay field at absorbing rainfall”

NEW BEGINNINGS

Ground temperatures should have started to rise after the hard winter. Plants spurt into growth when the ground warms to 6°C. Nevertheless, even in early February I saw two clouds of midges, freshly hatched, rising from the lawn and backlit by the low afternoon sun against a dark hedge. What surprised me was the fact that there were two species: large midges swirling round about 2 feet from the ground and a larger cloud of tiny midges bouncing up and down 3 feet above the larger midges. Alas I did not have my field guide to identify them. Mid-February saw the birds pairing up; male and female reed buntings that were coming to the seed feeder independently during the winter are now an item. The female blackcap warbler that had probably migrated here for the winter will be returning back to Germany in mid-March. Our resident male pheasant, even with his distinct limp, is followed about by a harem of females. With all these signs of an approaching spring, it is time to consider what would be good for the garden this year.

Hard work needed

The frozen ground has prevented many gardeners from doing very much and as a consequence very little gardening has been done. Weeding will be necessary to clear the ground before the spring flowers start to show. Pruning should also be done soon when the forecasts suggest a period free from frost. The key thing is to take stock and decide how you want your garden to look in the summer. The heavy frosts may well have killed tenderish plants and these will need to be replaced. There is still time to plant new shrubs and roses. Remember to add a good supply of garden compost into the planting hole and water in the plants.

Planting plan

The problem with many gardeners, who like myself are always buying new plants, is that they forget where the plants have been put and tend to overplant with new material.

This is a disaster. Hopefully I will have learned from my mistakes of enthusiasm, and this year I will try to keep a record of what has been planted where, by constructing a planting map from squared-up paper. One group of plants that I will give some consideration to will be grasses. I am looking to rip out an old and cracked patio that is well past its sell by date and replace it with a more designed approach. The grasses will be used to link the lawn to the patio and merge the two together at the boundary to soften the edge. I will be looking for grasses with different shades of green, different textures and different heights. A sprinkling of thyme plants will break up the plane of the patio surface and add a little scent emission when trodden on. R.T. Choke

Would you appreciate help with small jobs around the home, garden or in the wider village?

Isaiah58 involves young people from local churches helping out in the village community.

We have moved furniture, trimmed hedges, weeded gardens, swept leaves and painted bus shelters....

No project too small!
